

Digi Partners with Haven House for its Annual 5K Color Run, Walk, Dance Event

Digi is proud to announce that it is partnering with Haven House for the hosting of their annual 5K Color Run, Walk, Dance event this January. This event coincides with Haven House's commemoration of their 30th anniversary of providing services to women and children suffering from domestic violence in Belize.

The annual family event is designed to encourage Belizeans to be involved with the continuous efforts of supporting those who experience domestic violence, to speak out, seek shelter and support. Since 1993, Haven House is a non-profit domestic violence shelter and a provider of support and intervention services for women in crisis and their children. In addition to providing an opportunity for women to build a positive self-image, Haven House also contributes to the elimination of the cycle of domestic violence through collaboration with other partner agencies and the community.

The 5K Color Run, Walk, Dance event is scheduled for Saturday, 28 January 2023 and will kick off at 5:30 am at the Digi Park in Belize City. Contact Haven House via WhatsApp at 613-4947 or visit @havenhousebz on Facebook for more information about participating, purchasing of t-shirts or partnering with the organizers for this event.
